

Download helpful [beauty tips](#) from Mary Kay Independent Senior National Sales Director Pat Danforth, a breast cancer survivor.

The **National Coalition for Cancer Survivorship** (NCCS) is the oldest survivor-led cancer advocacy organization in the country (www.canceradvocacy.org), advocating for quality cancer care for all Americans and empowering cancer survivors. Patient education is also a priority for NCCS. Check out its award-winning [Cancer Survival Toolbox](#), which also includes information on finding ways to pay for care.

CancerCare is a national, nonprofit organization that provides free professional help to people with all cancers through counseling, education, information, referral and direct financial assistance. Financial support is provided in part by The Mary Kay Foundation.

For help right now, call the CancerCare toll-free line at 1-800-813-HOPE (1-800-813-4673). www.CancerCare.org

National Institutes of Health provides information about clinical research studies and links to medical and health care databases. www.ClinicalTrials.gov

National Cancer Institute gives information about the National Cancer Institute, its programs, clinical information on types of cancer and research, as well as resources for scientists. www.nci.nih.gov

American Cancer Society is a nationwide, community-based voluntary health organization dedicated to eliminating cancer as a major health problem. www.cancer.org

The **Cancer Support Community's** mission is to ensure that all people impacted by any cancer are empowered by knowledge, strengthened by action, and sustained by community. Because no cancer care plan is complete without emotional and social support, CSC's innovative Programs of networking and support groups, education workshops and social activities are provided free of charge. Visit www.cancersupportcommunity.org to find online resources or a location near you.

Mamm magazine is devoted to meeting the needs of women diagnosed with breast and reproductive cancers.
